Reefer Loads

- 1) Prior to loading, driver must confirm that the reefer unit is working properly and the trailer is pre-cooled to the required temperature
- 2) Trailers must have air chute/vents clear and in good condition for proper circulation, no exceptions. The chute/vents must not be damaged, obstructed or blocked.
- 3) Space must be provided for proper air circulation in front, rear, top, bottom, and between the loads.
- 4) Temperature testing must ensure required pre-cooling. Driver must not accept products which are above or below the required temperature ranges stated on the bill of lading and BROKER Rate/Load Confirmation.
- 5) If the temperature on the BROKER Rate/Load Confirmation differs from that on the Bill of Lading, contact BROKER before signing the bills of lading. **If the shipment is accepted with a temperature discrepancy between the terms of the Bill of Lading and the BROKER Rate/Load Confirmation, CARRIER accepts all resulting risk of loss.**
- 6) Temperature of the product loaded must appear on the original Bill of Lading.
- 7) **When driver signs the Bill of Lading on behalf of CARRIER, he is confirming that he received the correct product, at the correct count and at the proper temperature.**
- 8) DRIVER must maintain continuous temperature stated on BROKER Rate/Load Confirmation in route, unless otherwise instructed in writing by BROKER.
- 9) Notify BROKER immediately (before leaving receiver/consignee) if the shipment is damaged or rejected in whole or part.
- 10) No disposition of any rejected product shall be made without written instructions from BROKER.
- 11) Carrier represents that reefer equipment is and has been properly maintained and that it has written record/proof of compliance with manufacturers maintenance requirements.
- 12) NOTE: BROKER will advise carrier (in writing) if there are any Quality Control requirements from SHIPPER which would require total destruction (no salvage) of the shipment if the required temperatures are not maintained.
- 13) Carrier assumes all risk of loss arising out of any failure to comply with these specifications. .

CARRIER signature indicates approval of all terms and conditions herein. In the event Carrier does not sign and return this Rate Load Confirmation prior to freight pick up, Pick-up of freight by Carrier constitutes acceptance of the terms and conditions of the Rate Load Confirmation and incorporates the terms of the Broker/Carrier Agreement signed by the Parties.
